§ 1942.104 Application processing.

(a) *General.* Prospective applicants should request assistance by filing SF 424.2, "Application for Federal Assistance (For Construction)," with the Local or Area Rural Development Office. When practical, approval officials should meet with prospective applicants before an application is filed to discuss eligibility and Rural Development requirements and processing procedures. Throughout loan processing, Rural Development should confer with applicant officials as needed to ensure that applicant officials understand the current status of the processing of their application, what steps and determinations are necessary, and what is required from them. Rural Development should assist the applicant as needed and generally try to develop and maintain a cooperative working relationship with the applicant.

(b) *Unfavorable decision.* If, at any time prior to loan approval, it is decided that favorable action will not be taken on an application, the approval official will notify the applicant, in writing, of the reasons why the request was not favorably considered. The notification to the applicant will state that a review of this decision by Rural Development may be requested by the applicant in accordance with subpart B of

part 1900 of this chapter. The following statement will also be made on all notifications of adverse action:

The Federal Equal Credit Opportunity Act prohibits creditors from discriminating against credit applicants on the basis of race, color, religion, national origin, sex, marital status, age (provided that the applicant has the capacity to enter into a binding contract); because all or part of the applicant's income is derived from any public assistance program; or because the applicant has in good faith exercised any right under the Consumer Credit Protection Act. The Federal agency that administers compliance with this law is the Federal Trade Commission, Equal Credit Opportunity, Washington, DC 20580.

§ 1942.105 Environmental review.

FmHA or its successor agency under Public Law 103-354 must conduct and document an environmental review for each proposed project in accordance with subpart G of part 1940 of this chapter. The review should be completed as soon as possible after receipt of an application. The loan approving official must determine an adequate environmental review has been completed before requesting an obligation of funds.

§ 1942.106 Intergovernmental review.

(a) Loans under this subpart are subject to intergovernmental review in accordance with subpart J of part 1940 of this chapter.

(b) State intergovernmental review agencies that have selected community facility loans as a program they want to review may not be interested in reviewing proposed loans for fire and rescue facilities. In such cases, the State Director should obtain a letter from the State single point of contact exempting fire and rescue loans from intergovernmental consultation review. A copy of the letter should be placed in the case file for each fire and rescue facility application in lieu of completing the intergovernmental review process.

(c) When an application is filed and adverse comments are not expected, the District Director should proceed

§ 1942.107

with application processing pending intergovernmental review. The loan should not be obligated until any required review process has been completed.

(d) Funds allocated for use under this subpart are also for the use of eligible Indian tribes within the State, regardless of whether State development strategies include Indian reservations. Eligible Indian tribes must have equal opportunity to participate in the program as compared with other residents of the State.

§ 1942.107 Priorities.

(a) Eligible applications must be selected for processing in accordance with § 1942.17(c) of subpart A of this part 1942.

(b) The District Director must score each eligible application in accordance with § 1942.17(c)(2)(iii) of subpart A of this part 1942. The District Director must then notify the State Director of the score, proposed loan amount, and other pertinent data. The State Director should determine as soon as possible if the project has sufficient priority for further processing and notify the District Director. Normally, this consultation should be handled by telephone and documented in the running record.

(c) Applicants who appear eligible but do not have the priority necessary for further consideration at this time should be notified that funds are not available, requested to advise whether they wish to have their application maintained for future consideration and given the following notice:

You are advised against incurring obligations which would limit the range of alternatives to be considered, or which cannot be fulfilled without FmHA or its successor agency under Public Law 103-354 funds until the funds are actually made available. Therefore, you should refrain from such actions as initiating engineering and legal work, taking actions which would have an adverse effect on the environment, taking options on land rights, developing detailed plans and specifications, or inviting construction bids until notified by Farmers Home Administration (FmHA) or its successor agency under Public Law 103-354 to proceed.
