

the improvement will not be considered, only contribution to value. Maintenance cost and replacement of short-lived depreciable items are normal expenses associated with home ownership and are not considered capital improvements.

(2) *Other considerations.* (i) *Overpayments of interest assistance.* When RHS has overpaid interest assistance and the overpaid amounts remain uncollected at the time shared equity is calculated, the overpaid amount will be added to shared equity.

(ii) *Multiple loans.* When a borrower has more than one loan and elects to pay only some of the loans, shared equity will not be calculated unless the remaining loan is not subject to shared equity. Shared equity will be calculated when the account is paid in full taking into consideration all of the interest assistance granted on the account.

(b) *Miscellaneous provisions—(1) Changes in terms.* Shared equity will not be calculated when an account is reamortized.

(2) *Junior liens.* Junior liens are not considered in the shared equity calculation. In the event a junior lienholder forecloses, the RHS approval official will calculate shared equity before providing the lienholder with a pay-off figure, which is in addition to any amounts still due the Lender on the loan in the same manner as paragraph (a) of this section.

(c) *Affordable housing proposals.* Shared equity under an affordable housing innovation (such as limited equity or a state or county sponsored shared equity) will be calculated in accordance with this subpart unless prior written approval is obtained from RHS. Proposals that deviate from this subpart must be reviewed and approved in the National office prior to issuance of the loan note guarantee.

**§ 1980.392 Mortgage Credit Certificates (MCCs) and Funded Buydown Accounts.**

(a) *MCCs.* MCCs are authorized under the Tax Reform Act of 1986 and allow the borrower to receive a Federal tax credit for a percentage of their mortgage interest payment. They may be used by RHS guaranteed RH borrowers

to improve their repayment ability for the loan. MCCs impact on the borrower's tax liability. MCCs may be used with interest assisted loans when the amount of the tax credit is based on the amount of interest actually paid by the borrower. MCCs are subject to shared equity of a portion of any "gain" realized on the property when sold within 10 years after purchase. If the loan is also an RHS interest assisted loan, RHS shall receive priority for shared equity repayment. Income taxes are complex issues; RHS employees and Lenders are not expected to be able to identify all issues impacting the borrower's taxes. Lenders should encourage borrowers to consult with a tax advisor.

(1) When the Lender is participating in an MCC program the amount of the tax credit is considered as an additional resource available for repayment of the loan when the credit is taken on a monthly basis from withholding.

(2) The Lender will submit a copy of the MCC and a copy of the applicant's Form IRS W-4, "Employee's Withholding Allowance Certificate," along with the other materials for the loan guarantee request. The amount of tax credit is limited to the applicant's maximum tax liability.

(i) The MCC must show the rate of credit allowed.

(ii) The Form IRS W-4 must reflect that the borrower is taking the tax credit on a monthly basis.

(iii) The Lender will certify that the borrower has completed and processed all of the necessary documents to obtain the tax credit in accordance with this section.

(b) *Funded buydown accounts.* A funded buydown account is a prepaid arrangement between a builder or a seller and a Lender that is designed to improve applicant's repayment ability. Funded buydown accounts are permitted when the Lender obtains prior RHS concurrence. RHS will consider buydown accounts when there are compensating factors which indicate the borrower's ability to meet the expected increases in loan payment. The seller, Lender or other third party must place funds in an escrow account with monthly releases scheduled directly to

the Lender to reduce the borrower's monthly payment during the early years of the loan. The maximum reduction which may be considered is 2 percent below the note rate, even though the actual buydown may be for more. Reductions in buydown assistance may not result in an increase in the interest rate paid by the borrower of more than 1 percent per year. The borrower shall not be required to repay escrowed buydown funds. Funds must be escrowed with a state or federally supervised Lender. Funded buydown accounts must be fully funded for the buydown period. Buydown periods must be at least 12 months for each 1 percent of the buydown.

**§§ 1980.393–1980.396 [Reserved]**

**§ 1980.397 Exception authority.**

The Administrator may, in individual cases, make an exception to any requirement or provision of this subpart or address any omission of this subpart which is not inconsistent with the authorizing statute or other applicable law if the Administrator determines that application of the requirement, or provision, or failure to take action in the case of an omission would adversely affect the Government's financial interest. The Administrator will exercise this authority upon request of the State Director with the recommendation of the Assistant Administrator for Housing. Requests for exception must be made in writing accompanied by the borrower's casefile in cases involving specific borrowers and supported with documentation to explain the adverse effect, propose alternative courses of action, and to show how the adverse effect will be eliminated or minimized if the exception is granted.

**§ 1980.398 Unauthorized assistance and other deficiencies.**

(a) *Unauthorized assistance.* Unauthorized assistance includes, but is not limited to, issuance of a loan note guarantee when the borrower was not eligible for the loan or the borrower was eligible but the loan was not made for authorized purposes. Unauthorized assistance in the form of interest assistance is discussed in § 1980.390.

(b) *Initial determination of unauthorized assistance.* The reasons for unauthorized assistance being received by the Lender may include:

- (1) Submission of false or inaccurate information by the Lender;
- (2) Submission of false or inaccurate information by the borrower;
- (3) Error by RHS personnel; or
- (4) Error by the Lender.

(c)–(d) [Reserved]

(e) *Categories of unauthorized assistance*—(1) *Minor deficiency.* A minor deficiency is one that does not change the eligibility of the borrower, the eligibility of the property, or amount of the loan. Such incidents will be brought to the Lender's attention in writing. Examples of minor deficiencies include improperly completed builder certifications, use of an outdated credit report, or use of an outdated income verification. Minor deficiencies also include those significant deficiencies when the Lender is willing and able to correct the problem such as obtaining flood insurance for a dwelling located in a flood hazard area and assuring the escrow amount is sufficient.

(2) *Significant deficiency.* A significant deficiency is one that creates a significant risk of loss to the Government, or involves acceptance of a borrower or property not permitted by Agency regulations. Such cases may result in probation or withdrawal of the Lender's approval for program participation. Examples of significant deficiencies include gross miscalculation of income, acceptance of property that is severely deficient of the required standards, missing builder certifications, and construction changes that materially affect value without proper change orders.

(3) *Fraud or misrepresentation.* A deficiency that involves an action by the Lender to misrepresent either the financial capacity of the borrower or the condition of the property being financed may, in addition to any criminal and civil penalties, result in a withdrawal of RHS approval, or debarment. Examples of this type of deficiency include falsified Verifications of Employment, false certifications, reporting a delinquent loan as being current, and omitting conditions relating to the health and safety of a property.
