60-day deadline if such adjustments are completed within 90 days of the last day of the claim month and are reflected in the final Report of School Program Operations (FNS-10) for the claim month required under §210.5(d) of this part. Upward adjustments in Program funds claimed which are not reflected in the final FNS-10 for the claim month shall not be made unless authorized by FNS. Except that, upward adjustments for the current and prior fiscal years resulting from any review or audit may be made, at the discretion of the State agency. Downward adjustments in amounts claimed shall always be made, without FNS authorization, regardless of when it is determined that such adjustments are necessary.

(c) *Content of claim.* The Claim for Reimbursement shall include data in sufficient detail to justify the reimbursement claimed and to enable the State agency to provide the Report of School Program Operations required under §210.5(d) of this part. Such data shall include, at a minimum, the number of free, reduced price and paid lunches and meal supplements served to eligible children. The claim shall be signed by a school food authority official.

(1) *Consolidated claim.* The State agency may authorize a school food authority to submit a consolidated Claim for Reimbursement for all schools under its jurisdiction, *provided that*, the data on each school's operations required in this section are maintained on file at the local office of the school food authority and the claim separates consolidated data for commodity schools from data for other schools. Unless otherwise approved by FNS, the Claim for Reimbursement for any month shall include only lunches and meal supplements served in that month except if the first or last month of Program operations for any school year contains 10 operating days or less, such month may be combined with the Claim for Reimbursement for the appropriate adjacent month. However, Claims for Reimbursement may not combine operations occurring in two fiscal years. If a single State agency administers any combination of the Child Nutrition Programs, a school food authority shall be able to use a

common claim form with respect to claims for reimbursement for meals served under those programs.

(2) *October data.* For the month of October, the State agency shall also obtain, either through the Claim for Reimbursement or other means, the total number of children approved for free lunches and meal supplements, the total number of children approved for reduced price lunches and meal supplements, and the total number of children enrolled in the school food authority as of the last day of operation in October. The school food authority shall submit this data to the State agency no later than December 31 of each year. State agencies may establish shorter deadlines at their discretion. In addition, the State agency may require school food authorities to provide this data for a more current month if for use in the State agency claims review process under paragraph (c)(2) of this section.

(d) *Advance funds.* The State agency may advance funds available for the Program to a school food authority in an amount equal to the amount of reimbursement estimated to be needed for one month's operation. Following the receipt of claims, the State agency shall make adjustments, as necessary, to ensure that the total amount of payments received by the school food authority for the fiscal year does not exceed an amount equal to the number of lunches and meal supplements by reimbursement type served to children times the respective payment rates assigned by the State in accordance with §210.7(b). The State agency shall recover advances of funds to any school food authority failing to comply with the 60-day claim submission requirements in paragraph (b) of this section.
