

Food and Nutrition Service, USDA

§ 246.14

and accountability for all Program grants and funds. The State agency must have effective internal controls to ensure that expenditures financed with Program funds are authorized and properly chargeable to the Program.

(c) *Record of expenditures.* The State agency shall maintain records which adequately identify the source and use of funds expended for Program activities. These records shall contain, but are not limited to, information pertaining to authorization, receipt of funds, obligations, unobligated balances, assets, liabilities, outlays, and income.

(d) *Payment of costs.* The State shall implement procedures which ensure prompt and accurate payment of allowable costs, and ensure the allowability and allocability of costs in accordance with the cost principles and standard provisions of this part, 7 CFR part 3016, and FNS guidelines and instructions.

(e) *Identification of obligated funds.* The State agency shall implement procedures which accurately identify obligated Program funds at the time the obligations are made.

(f) *Resolution of audit findings.* The State agency shall implement procedures which ensure timely and appropriate resolution of claims and other matters resulting from audit findings and recommendations.

(g) *Use of minority- and women-owned banks.* Consistent with the national goals of expanding opportunities for minority business enterprises, State and local agencies are encouraged to use minority- and women-owned banks.

(h) *Adjustment of expenditures.* The State agency must adjust projected expenditures to account for redeemed food instruments and for other changes as appropriate.

(i) *Transfer of cash.* The State agency shall have controls to minimize the time elapsing between receipt of Federal funds from the U.S. Department of Treasury and the disbursements of these funds for Program costs. In the Letter of Credit system, the State agency shall make drawdowns from the U.S. Department of Treasury's Regional Disbursing Office as close as possible to the actual date that disbursement of funds is made. Advances made by the State agency to local

agencies shall also conform to these same standards.

(j) *Local agency financial management.* The State agency shall ensure that all local agencies develop and implement a financial management system consistent with requirements prescribed by FNS and the State agency pursuant to the requirements of this section.

[50 FR 6121, Feb. 13, 1985; 50 FR 8098, Feb. 28, 1985, as amended at 65 FR 83286, Dec. 29, 2000]

§ 246.14 Program costs.

(a) *General.* (1) The two kinds of allowable costs under the Program are "food costs" and "nutrition services and administration costs." In general, costs necessary to the fulfillment of Program objectives are to be considered allowable costs. The two types of nutrition services and administration costs are:

(i) Direct costs. Those direct costs that are allowable under 7 CFR part 3016.

(ii) Indirect costs. Those indirect costs that are allowable under 7 CFR part 3016. When computing indirect costs, food costs may not be used in the base to which the indirect cost rate is applied. In accordance with the provisions of 7 CFR part 3016, a claim for indirect costs shall be supported by an approved allocation plan for the determination of allowable indirect costs.

(2) Program funds may not be used to pay for retroactive benefits. Except as provided in paragraph (e) of this section and §§ 246.16(g) and 246.16(h) of this part, funds allocated by FNS for food purchases may not be used to pay nutrition services and administration costs. However, nutrition services and administration funds may be used to pay for food costs.

(b) *What costs may I charge to the food grant?* (1) The State agency may use food funds for costs of:

(i) Acquiring supplemental foods provided to State or local agencies or participants, whichever receives the supplemental food first;

(ii) Warehousing supplemental foods; and

(iii) Purchasing and renting breast pumps.

(2) For costs to be allowable, the State agency must ensure that food costs do not exceed the customary

sales price charged by the vendor, home food delivery contractor, or supplier in a direct distribution food delivery system. In addition, food costs may not exceed the price limitations applicable to the vendor.

(c) *Specified allowable nutrition services and administration costs.* Allowable nutrition services and administration (NSA) costs include the following:

(1) The cost of nutrition education and breastfeeding promotion and support which meets the requirements of §246.11. During each fiscal year, each State agency shall expend, for nutrition education activities and breastfeeding promotion and support activities, an aggregate amount that is not less than the sum of one-sixth of the amount expended by the State agency for costs of NSA and an amount equal to its proportionate share of the national minimum expenditure for breastfeeding promotion and support activities. The amount to be spent on nutrition education shall be computed by taking one-sixth of the total fiscal year NSA expenditures. The amount to be spent by a State agency on breastfeeding promotion and support activities shall be an amount that is equal to at least its proportionate share of the national minimum breastfeeding promotion expenditure as specified in paragraph (c)(1) of this section. The national minimum expenditure for breastfeeding promotion and support activities shall be equal to \$21 multiplied by the number of pregnant and breastfeeding women in the Program, based on the average of the last three months for which the Department has final data. On October 1, 1996 and each October 1 thereafter, the \$21 will be adjusted annually using the same inflation percentage used to determine the national administrative grant per person. If the State agency's total reported nutrition education and breastfeeding promotion and support expenditures are less than the required amount of expenditures, FNS will issue a claim for the difference. The State agency may request prior written permission from FNS to spend less than the required portions of its NSA grant for either nutrition education or for breastfeeding promotion and support activities. FNS will grant such permis-

sion if the State agency has sufficiently documented that other resources, including in-kind resources, will be used to conduct these activities at a level commensurate with the requirements of this paragraph (c)(1). However, food costs used to purchase or rent breast pumps may not be used for this purpose. Nutrition education costs are limited to activities which are distinct and separate efforts to help participants understand the importance of nutrition to health. The cost of dietary assessments for the purpose of certification, the cost of prescribing and issuing supplemental foods, the cost of screening for drug and other harmful substance use and making referrals to drug and other harmful substance abuse services, and the cost of other health-related screening shall not be applied to the expenditure requirement for nutrition education and breastfeeding promotion and support activities. The Department shall advise State agencies regarding methods for minimizing documentation of the nutrition education and breastfeeding promotion and support expenditure requirement. Costs to be applied to the one-sixth minimum amount required to be spent on nutrition education and the target share of funds required to be spent on breastfeeding promotion and support include, but need not be limited to—

(i) Salary and other costs for time spent on nutrition education and breastfeeding promotion and support consultations whether with an individual or group;

(ii) The cost of procuring and producing nutrition education and breastfeeding promotion and support materials including handouts, flip charts, filmstrips, projectors, food models or other teaching aids, and the cost of mailing nutrition education or breastfeeding promotion and support materials to participants;

(iii) The cost of training nutrition or breastfeeding promotion and support educators, including costs related to conducting training sessions and purchasing and producing training materials;

(iv) The cost of conducting evaluations of nutrition education or breastfeeding promotion and support

Food and Nutrition Service, USDA

§ 246.14

activities, including evaluations conducted by contractors;

(v) Salary and other costs incurred in developing the nutrition education and breastfeeding promotion and support portion of the State Plan and local agency nutrition education and breastfeeding promotion and support plans; and

(vi) The cost of monitoring nutrition education and breastfeeding promotion and support activities.

(2) The cost of Program certification, nutrition assessment and procedures and equipment used to determine nutritional risk, including the following:

(i) Laboratory fees incurred for up to two hematological tests for anemia per individual per certification period. The first test shall be to determine anemia status. The second test may be performed only in follow up to a finding of anemia when deemed necessary for health monitoring as determined by the WIC State agency;

(ii) Expendable medical supplies;

(iii) Medical equipment used for taking anthropometric measurements, such as scales, measuring boards, and skin fold calipers; and for blood analysis to detect anemia, such as spectrophotometers, hematofluorometers and centrifuges; and

(iv) Salary and other costs for time spent on nutrition assessment and certification.

(3) The cost of outreach services.

(4) The cost of administering the food delivery system, including the cost of transporting food.

(5) The cost of translators for materials and interpreters.

(6) The cost of fair hearings, including the cost of an independent medical assessment of the appellant, if necessary.

(7) The cost of transporting participants to clinics when prior approval for using Program funds to provide transportation has been granted by the State agency and documentation that such service is considered essential to assure Program access has been filed at the State agency. Direct reimbursement to participants for transportation cost is not an allowable cost.

(8) The cost of monitoring and reviewing Program operations.

(9) The cost, exclusive of laboratory tests, of screening for drug and other harmful substance use and making referrals for counseling and treatment services.

(10) The cost of breastfeeding aids which directly support the initiation and continuation of breastfeeding.

(d) *Costs allowable with approval.* The costs of capital expenditures exceeding the dollar threshold established in Agency policy and guidance are allowable only with the approval of FNS prior to the capital investment. These expenditures include the costs of facilities, equipment (including medical equipment), automated data processing (ADP) projects, other capital assets, and any repairs that materially increase the value or useful life of such assets.

(e) *How and when may I use my funds recovered from vendors and participants?*

(1) The State agency may keep funds collected through the recovery of claims assessed against food vendors or participants. Recovered funds include those withheld from a vendor as a result of reviews of food instruments prior to payment. Recovered funds may be used for either food or NSA costs.

(2) These recovered funds may be used in the fiscal year:

(i) In which the initial obligation was made;

(ii) In which the claim arose;

(iii) In which the funds are collected; or

(iv) after the funds are collected.

(3) The State agency may not credit any recoveries until:

(i) In the case of a vendor claim, the vendor has had the opportunity to correct or justify the error or apparent overcharge in accordance with §246.12(k)(3); or

(ii) In the case of a participant, any administrative hearing requested in accordance with §246.9 has been completed.

(4) The State agency must report vendor and participant recoveries to FNS through the normal reporting process;

(5) The State agency must keep documentation supporting the amount and

§ 246.15

use of these vendor and participant recoveries.

[50 FR 6121, Feb. 13, 1987, as amended at 52 FR 21237, June 4, 1987; 53 FR 25314, July 6, 1988; 54 FR 18091, Apr. 27, 1989; 58 FR 11507, Feb. 26, 1993; 59 FR 11503, Mar. 11, 1994; 63 FR 63974, Nov. 18, 1998; 64 FR 67999, Dec. 6, 1999; 64 FR 70178, Dec. 16, 1999; 65 FR 83286, Dec. 29, 2000; 71 FR 56731, Sept. 27, 2006]

§ 246.15 Program income other than grants.

(a) *Interest earned on advances.* Interest earned on advances of Program funds at the State and local levels shall be treated in accordance with the provisions of 31 CFR Part 205, which implement the requirements of the Cash Management Improvement Act of 1990. However, State agencies will not incur an interest liability to the Federal government on rebate funds for infant formula or other foods, *provided* that all interest earned on such funds is used for program purposes.

(b) *Other Program income.* The State agency may use current program income (applied in accordance with the addition method described in § 3016.25(g)(2) of this title) for costs incurred in the current fiscal year and, with the approval of FNS, for costs incurred in previous years or subsequent fiscal years. Provided that the costs supported by the income further the broad objectives of the Program, they need not be a kind that would be permissible as charges to Federal funds. Money received by the State agency as a result of civil money penalties or fines assessed against a vendor and any interest charged in the collection of these penalties and fines shall be considered as program income.

[50 FR 6121, Feb. 13, 1985, as amended at 63 FR 63974, Nov. 18, 1998; 64 FR 13324, Mar. 18, 1999; 71 FR 56731, Sept. 27, 2006]

§ 246.16 Distribution of funds.

(a) *General.* This paragraph describes the timeframes for distribution of appropriated funds by the Department to participating State agencies and the authority for the Secretary to use appropriated funds for evaluation studies and demonstration projects.

(1) Authorized appropriations to carry out the provisions of this section may be made not more than 1 year in

7 CFR Ch. II (1-1-08 Edition)

advance of the beginning of the fiscal year in which the funds shall become available for disbursement to the State agencies. The funds shall remain available for the purposes for which appropriated until expended.

(2) In the case of appropriations legislation providing funds through the end of a fiscal year, the Secretary shall issue to State agencies an initial allocation of funds provided under such legislation not later than the expiration of the 15-day period beginning on the date of the enactment and subsequent allocation of funds shall be issued not later than the beginning of each of the second, third and fourth quarters of the fiscal year.

(3) Allocations of funds pursuant to paragraph (a)(2) of this section shall be made as follows: The initial allocation of funds to State agencies shall include not less than $\frac{1}{3}$ of the appropriated amounts for the fiscal year. The allocation of funds to be made not later than the beginning of the second and third quarters shall each include not less than $\frac{1}{4}$ of the appropriated amounts for the fiscal year.

(4) In the case of legislation providing funds for a period that ends prior to the end of a fiscal year, the Secretary shall issue to State agencies an initial allocation of funds not later than the expiration of the 10-day period beginning on the date of enactment. In the case of legislation providing appropriations for a period of not more than 4 months, all funds must be allocated to State agencies except those reserved by the Secretary to carry out paragraph (a)(6) of this section.

(5) In any fiscal year unused amounts from a prior fiscal year that are identified by the end of the first quarter of the fiscal year shall be recovered and reallocated not later than the beginning of the second quarter of the fiscal year. Unused amounts from a prior fiscal year that are identified after the end of the first quarter of the fiscal year shall be recovered and reallocated on a timely basis.

(6) Up to one-half of one percent of the sums appropriated for each fiscal year, not to exceed \$5,000,000, shall be
