

§ 3402.24

international study or thesis/dissertation research allowance and/or institutional adherence to program guidelines.

(3) Exit Information shall be completed and submitted to HEP by the Project Director for each Fellow supported by a grant as soon as a Fellow either: Graduates; is officially terminated from the Fellowship or the academic program due to unsatisfactory academic progress; or voluntarily withdraws from the Fellowship or the academic program. If a Fellow has not completed all degree requirements at the end of the five-year grant duration, HEP may request a preliminary exit report. In such a case, a final exit report shall be required at a later date. When a final exit report for each Fellow supported by a grant has been accepted by HEP, the grantee will have satisfied the requirement of a final performance report for the grant. Additional follow-up reports to track Fellows' career patterns may be requested.

(b) All grantees (supplemental international, graduate, and postdoctoral) shall submit initial project information and annual and summary reports to CSREES' Current Research Information System (CRIS). The CRIS database contains narrative project information, progress/impact statements, and final technical reports that are made available to the public. For applications recommended for funding, instructions on preparation and submission of project documentation will be provided to the applicant by the agency contact. Documentation must be submitted to CRIS before CSREES funds will be released. Project reports will be requested by the CRIS office when required. For more information about CRIS, visit <http://cris.csrees.usda.gov>.

§ 3402.24 Evaluation of program.

Grantees should be aware that HEP may, as a part of its own program evaluation activities, carry out in-depth evaluations of assisted activities through independent third parties. Thus, grantees should be prepared to cooperate with evaluators retained by HEP to analyze both the institutional context and the impact of any supported project.
