

Proposals will be reviewed for evidence that the project enjoys third party support and endorsement, with emphasis placed on financial and in kind support as well as technical assistance.

(4) *Management team/work force.* The education and capabilities of project managers and those who will operate the venture must reflect the skills and experience necessary to effect project success. The availability and quality of the labor force needed to operate the venture will also be evaluated. Proposals that reflect successful track records managing similar projects will receive higher points for this criterion than those that do not reflect successful track records.

(5) *Work plan/Budget.* The work plan will be reviewed for whether it provides specific and detailed planning task descriptions that will accomplish the project's goals and the budget will be reviewed for a detailed breakdown of estimated costs associated with the planning activities. The budget must present a detailed breakdown of all estimated costs associated with the venture's operations and allocate these costs among the listed tasks. Points may not be awarded unless sufficient detail is provided to determine whether or not funds are being used for qualified purposes. Matching funds as well as grant funds must be accounted for in the budget to receive points.

(6) *Amount requested.* Points will be awarded based on the size of the grant request. Requests for lower amounts will receive a higher score for this criterion than higher requests. The points to be awarded and request ranges will be established in the applicable RFP.

(7) *Project cost per owner-producer.* This is calculated by dividing the amount of Federal funds requested by the total number of producers that are owners of the venture. Points to be awarded will be established in the applicable RFP.

(8) *Presidential initiatives.* Points may be awarded for proposals that focus on Presidential initiatives. Descriptions of these initiatives and the points to be awarded will be established in the applicable RFP.

§ 4284.914 Grant closing.

(a) *Letter of Conditions.* The Agency will notify an approved applicant in writing, setting out the conditions under which the grant will be made.

(b) *Applicant's intent to meet conditions.* Upon reviewing the conditions and requirements in the letter of conditions, the applicant must complete, sign and return the Agency's "Letter of Intent to Meet Conditions," or, if certain conditions cannot be met, the applicant may propose alternate conditions to the Agency. The Agency must concur with any changes proposed to the letter of conditions by the applicant before the application will be further processed.
