

### § 652.23

### 7 CFR Ch. VI (1-1-08 Edition)

paragraph (a) of §652.21. If all requirements are met, NRCS will:

(1) Enter into a Certification Agreement and certify the applicant as qualified to provide technical services for a specific practice, category, or categories of technical service;

(2) Place the applicant on the list of approved technical service providers when certified; and

(3) Make available to the public the list of approved technical service providers by practice or category of technical services.

(d) NRCS may decertify an individual in accordance with the decertification process set forth in subpart C of this part.

#### § 652.23 Certification process for private-sector entities.

(a) A private sector entity that applies for certification must identify, and provide supporting documentation, that it has the requisite professional and business licensure within the jurisdiction for which it seek certification, and that it employs at least one individual, authorized to act on its behalf that:

(1) Has received certification on an individual basis in accordance with §652.22; or

(2) Seeks certification on an individual basis as part of the private-sector entity's certification and ensures that the requirements set forth in §652.21(a) are contained within the private-sector entity's application to support such certification.

(b) NRCS will determine pursuant to §652.22 whether the individual(s) identified in the private-sector entity's application meets the certification standards set forth in §652.21 for the specific services the entity wishes to provide.

(c) NRCS will, within 60 days of receipt of an application, make a determination on the application submitted by an entity. If NRCS determines that all requirements for the private-sector entity and the identified individual(s) are met, NRCS will complete the actions described in paragraphs (c)(1) through (c)(3) of §652.22.

(d) The Certification Agreement entered into with the private-sector entity shall:

(1) Identify the certified individuals who are authorized to perform technical services on behalf of and under the auspices of the entity's certification;

(2) Require that the entity has, at all times, an individual who is a certified technical service provider authorized to act on the entity's behalf;

(3) Require that the entity promptly provide an amended Certification Agreement to NRCS for approval when the list of certified individuals performing technical services under its auspices changes;

(4) Require that responsibility for any work performed by non-certified individuals be assumed by a certified individual who is authorized to act on the entity's behalf; and

(5) Require that the entity be legally responsible for the work performed by any individual working under the auspices of its certification.

(e) NRCS may, in accordance with the decertification process set forth in this part, decertify the private sector entity, the certified individual(s) acting under the auspices of its certification, or both the private sector entity and the certified individual(s) acting under the auspices of its certification.

#### § 652.24 Certification process for public agencies.

(a) A public agency that applies for certification must identify, and provide supporting documentation, that it has the authority within the jurisdiction within which it seeks to provide technical services and an individual or individuals authorized to act on its behalf:

(1) Has been certified as an individual in accordance with §652.22; or

(2) Seeks certification as an individual as part of the public agency's certification and sufficient information as set forth in §652.21(a) is contained within the public agency's application to support such certification.

(b) NRCS shall determine whether the individual identified in the public agency's application meets the certification standards set forth in §652.22.

(c) NRCS will, within 60 days of receipt of an application, make a determination on the application submitted by a public agency. If NRCS determines
