**7 CFR Ch. IX (1-1-08 Edition)**

the Board until disposed of pursuant to this part.

(c) A handler having certified merchantable hazelnuts which have not been handled at the end of a marketing year may elect to have those hazelnuts bear the restricted and assessment obligations of that year or of the marketing year in which handled. The Board shall establish such procedures as are necessary to facilitate the administration of this option among handlers.

(d) Whenever the restricted percentage for a marketing year is reduced, each handler's restricted obligation shall be reduced to conform with the new restricted percentage. Any handler who, upon such reduction, is withholding restricted hazelnuts in excess of his new restricted obligation may have the excess freed from withholding by complying with such procedures as the Board may require to insure identification of the remaining hazelnuts withheld.

**§ 982.51 Restricted credit for ungraded inshell hazelnuts and for shelled hazelnuts.**

(a) A handler may withhold ungraded inshell hazelnuts in lieu of certified merchantable hazelnuts in satisfaction of that handler's restricted obligations, and the weight on which credit may be received shall be the shelled hazelnut equivalent weight as inspected by the Federal-State Inspection Service multiplied by 2.5. Any lot of ungraded hazelnuts not meeting the moisture requirements for certified merchantable hazelnuts shall not be eligible for credit. All determinations as to the shelled hazelnut equivalent weight shall be made by the Federal-State Inspection Service at the handler's expense. Hazelnuts so withheld shall be subject to the applicable requirements of § 982.50. The weight of all such lots for which a handler has received credit shall be adjusted by the Board when the lots are handled or disposed of so that the creditable weight is equal to the amount of certified merchantable inshell hazelnuts or certified shelled hazelnuts that are subsequently handled or disposed of from those lots. If this adjustment

causes the handler to no longer be in satisfaction of that handler's restricted obligation as required by § 982.50, the deficiency shall be satisfied in the subsequent marketing year. If this adjustment results in a handler disposing of, in restricted outlets, a quantity in excess of that handler's restricted obligation, such excess shall not be credited to such handler's restricted obligation during the subsequent marketing year.

(b) A handler may withhold, in accordance with § 982.50(a), certified shelled hazelnuts in lieu of merchantable hazelnuts in satisfaction of such handler's restricted obligation, subject to such terms and conditions as are recommended by the Board and established by the Secretary. The inshell equivalent of such hazelnuts shall be determined by multiplying the weight of the shelled hazelnuts by 2.5.

(c) The Secretary upon recommendation of the Board and other available data may modify these procedures, change the conversion factors, and specify factors for conversion for different varieties of hazelnuts.

**§ 982.52 Disposition of restricted hazelnuts.**

Hazelnuts withheld from handling as inshell hazelnuts pursuant to §§ 982.50 and 982.51 may be disposed of as follows:

(a) *Shelling.* Any handler may dispose of such hazelnuts by shelling them under the direction or supervision of the Board or by delivering them to an authorized sheller. Any person who desires to become an authorized sheller in any marketing year may submit written application during such year to the Board. Such application shall be granted only upon condition that the applicant agrees:

(1) To use such restricted hazelnuts as he may receive for no purpose other than shelling;

(2) To dispose of or deliver such restricted hazelnuts, as inshell hazelnuts, to no one other than another authorized sheller;

(3) To comply fully with all laws and regulations applicable to shelling of hazelnuts; and
