

§ 987.10

§ 987.10 Handler carry-over.

Handler carry-over means, as of any date, all marketable dates then held by a handler or for his account (whether or not sold), plus the estimated quantity of marketable dates in ungraded or unprocessed lots then held by said handler.

§ 987.11 Trade demand.

Trade demand means those quantities of marketable dates which the Committee finds are required to satisfy the need for dates in specific outlets in which marketable dates are handled.

§ 987.12 Marketable dates.

Marketable dates means those dates which are certified as equal to or higher than the applicable minimum grade and size requirements in effect pursuant to § 987.39, and any additional applicable requirements in effect pursuant to § 987.40. Marketable dates shall include but not be limited to the following:

(a) *DAC dates*. DAC dates are marketable whole or pitted dates that are inspected and certified as meeting the grade, size, container, and identification requirements established by the Committee, with the approval of the Secretary, for a specific variety for handling in the United States and Canada.

(b) *Dates for further processing*. Dates for further processing (FP) are marketable whole dates acquired by one handler from another handler that are certified as meeting the same grade and size requirements for DAC dates, with the exception of moisture requirements, and such identification requirements applicable to FP dates that are established by the Committee, with the approval of the Secretary, for any specific variety.

(c) *Export dates*. Export dates are marketable whole or pitted dates that are inspected and certified as meeting the grade, size, container, and identification requirements established by the Committee, with the approval of the Secretary, for a specific variety, to be handled in export to any country or group of countries with the exception of Canada. The Committee may establish

different requirements for different countries.

(d) *Product dates*. Product dates are marketable dates that are inspected and certified as meeting the applicable grade and size requirements for dates to be handled in such forms as rings, chunks, pieces, butter, macerate, paste, or any other forms which the Committee deems appropriate and which will result in dates moving into consumption in a form other than that of whole or pitted dates.

§ 987.13 Free dates.

Free dates means dates of any variety that are at the time of certification destined for consumption in whole or pitted form in the United States and Canada (and such other countries as the Committee determines are likely to acquire them at prices reasonably comparable with prices received domestically) and which are free to be handled pursuant to any free percentage established by the Secretary in accordance with § 987.44.

[43 FR 4251, Feb. 1, 1978]

§ 987.14 Restricted dates.

Restricted dates means those dates which must be withheld by handlers pursuant to any restricted percentage established by the Secretary in accordance with § 987.44.

§ 987.15 Substandard dates.

Utility dates means those dates which fail to meet the requirements for marketable dates but are not cull dates.

[27 FR 6818, July 19, 1962, as amended at 43 FR 4251, Feb. 1, 1978]

§ 987.16 Cull dates.

Cull dates means dates which fail to meet the requirements (with respect to freedom from defects) prescribed in title 3, group 4, article 24, section 24, section 1434 of the Food and Agricultural Code of California for dates for use in products or by-products other than alcohol, brandy, and products not intended for human consumption and
