### Subpart A—General

#### § 150.1 What does this part do?

This part provides requirements for the operation of deepwater ports.

#### § 150.5 Definitions.

See §148.5 of this chapter for the definition of certain terms used in this part.

#### § 150.10 What are the general requirements for operations manuals?

(a) Each deepwater port must have an operations manual that addresses policies and procedures for normal and emergency operations conducted at the port. The operations manual must, at a minimum, include the requirements outlined in §150.15.

(b) The operations manual is reviewed and approved by the Commandant (G–P), who may consult with the local Officer in Charge of Marine Inspection (OCMI), as meeting the requirements of the Act and this subchapter. The original manual is approved as part of the application process in part 148 of this chapter.

(c) The OCMI may approve subsequent changes to the operations manual, provided the Commandant (G–P) is notified and consulted regarding any significant modifications.

(d) The manual must be readily available on the deepwater port for use by personnel.

(e) The licensee must ensure that all personnel are trained and follow the procedures in the manual while at the deepwater port.

#### § 150.15 What must the operations manual include?

The operations manual required by §150.10 must identify the deepwater port and include the information required in this section.

(a) *General information.* A description of the geographic location of the deepwater port.

(b) A physical description of the port.
