§§ 1.192–1.196 [Reserved]

§ 1.197 Return of jurisdiction from the Board of Patent Appeals and Interferences; termination of proceedings.

(a) *Return of jurisdiction from the Board of Patent Appeals and Interferences.* Jurisdiction over an application or patent under *ex parte* reexamination proceeding passes to the examiner after a decision by the Board of Patent Appeals and Interferences upon transmittal of the file to the examiner, subject to appellant's right of appeal or other review, for such further action by appellant or by the examiner, as the condition of the application or patent under *ex parte* reexamination proceeding may require, to carry into effect the decision of the Board of Patent Appeals and Interferences.

(b) *Termination of proceedings.* (1) Proceedings on an application are considered terminated by the dismissal of an appeal or the failure to timely file an appeal to the court or a civil action (§1.304) except:

(i) Where claims stand allowed in an application; or

(ii) Where the nature of the decision requires further action by the examiner.

(2) The date of termination of proceedings on an application is the date on which the appeal is dismissed or the date on which the time for appeal to the U.S. Court of Appeals for the Federal Circuit or review by civil action (§1.304) expires in the absence of further appeal or review. If an appeal to the U.S. Court of Appeals for the Federal Circuit or a civil action has been filed, proceedings on an application are considered terminated when the appeal or civil action is terminated. A civil action is terminated when the time to appeal the judgment expires. An appeal to the U.S. Court of Appeals for the Federal Circuit, whether from a decision of the Board or a judgment in a civil action, is terminated when the mandate is issued by the Court.
