§§ 1.470–1.474 [Reserved]

DISCLOSURES WITH PATIENT’S CONSENT

§ 1.475 Form of written consent.

(a) *Required elements.* A written consent to a disclosure under §§1.460 through 1.499 of this part must include:

(1) The name of the facility permitted to make the disclosure (such a designation does not preclude the release of records from other VA health care facilities unless a restriction is stated on the consent).

(2) The name or title of the individual or the name of the organization to which disclosure is to be made.

(3) The name of the patient.

(4) The purpose of the disclosure.

(5) How much and what kind of information is to be disclosed.

(6) The signature of the patient and, when required for a patient who is a minor, the signature of a person authorized to give consent under §1.464 of this part; or, when required for a patient who is incompetent or deceased, the signature of a person authorized to sign under §1.465 of this part in lieu of the patient.

(7) The date on which the consent is signed.

(8) A statement that the consent is subject to revocation at any time except to the extent that the facility which is to make the disclosure has already acted in reliance on it. Acting in reliance includes the provision of treatment services in reliance on a valid consent to disclose information to a third party payer.

(9) The date, event, or condition upon which the consent will expire if not revoked before. This date, event, or condition must ensure that the consent will last no longer than reasonably necessary to serve the purpose for which it is given.

(b) *Expired, deficient, or false consent.* A disclosure may not be made on the basis of a consent which:

(1) Has expired;

(2) On its face substantially fails to conform to any of the requirements set forth in paragraph (a) of this section;

(3) Is known to have been revoked; or

(4) Is known, or through a reasonable effort could be known, by responsible personnel of VA to be materially false.

(c) *Notification of deficient consent.* Other than the patient, no person or entity may be advised that a special consent is required in order to disclose information relating to an individual participating in a drug abuse, alcoholism or alcohol abuse, HIV, or sickle cell anemia program or activity. Where a person or entity presents VA with an insufficient written consent for information protected by 38 U.S.C. 7332, VA must, in the process of obtaining a legally sufficient consent, correspond only with the patient whose records are involved, or the legal guardian of an incompetent patient or next of kin of a deceased patient, and not with any other person.

(d) It is not necessary to use any particular form to establish a consent referred to in paragraph (a) of this section, however, VA Form 10-5345, titled Request for and Consent to Release of Medical Records Protected by 38 U.S.C. 7332, may be used for such purpose.

(Authority: 38 U.S.C. 7332(a)(2) and (b)(1))

§ 1.476 Prohibition on redisclosure.

Each disclosure under §§1.460 through 1.499 of this part made with the patient’s written consent must be accompanied by a written statement similar to the following:

This information has been disclosed to you from records protected by Federal confidentiality rules (38 CFR Part 1). The Federal rules prohibit you from making any further disclosure of this information unless further disclosure is expressly permitted by the written consent of the person to whom it pertains or as otherwise permitted by 38 CFR

Department of Veterans Affairs

§ 1.479

Part 1. A general authorization for the release of medical or other information is NOT sufficient for this purpose. The Federal rules restrict any use of the information to criminally investigate or prosecute any alcohol or drug abuse patient or patient with sickle cell anemia or HIV infection.

(Authority: 38 U.S.C. 7334)

§ 1.477 Disclosures permitted with written consent.

If a patient consents to a disclosure of his or her records under § 1.475 of this part, a facility may disclose those records in accordance with that consent to any individual or organization named in the consent, except that disclosures to central registries and in connection with criminal justice referrals must meet the requirements of §§ 1.478 and 1.479 of this part, respectively.

(2) *Detoxification treatment* means the dispensing of a narcotic drug in decreasing doses to an individual in order to reduce or eliminate adverse physiological or psychological effects incident to withdrawal from the sustained use of a narcotic drug.

(3) *Maintenance treatment* means the dispensing of a narcotic drug in the treatment of an individual for dependence upon heroin or other morphine-like drugs.

(4) *Member program* means a non-VA detoxification treatment or maintenance treatment program which reports patient identifying information to a central registry and which is in the same State as that central registry or is not more than 125 miles from any

(b) *Restrictions on disclosure.* VA may disclose patient records to a central registry which is located in the same State or is not more than 125 miles from any border of the State or to any non-VA detoxification or maintenance treatment program not more than 200 miles away for the purpose of preventing the multiple enrollment of a patient only if:

(1) The disclosure is made when:

(i) The patient is accepted for treatment;

(ii) The type or dosage of the drug is changed; or

(iii) The treatment is interrupted, resumed or terminated.

(2) The disclosure is limited to:

(i) Patient identifying information;

(ii) Type and dosage of the drug; and

(iii) Relevant dates.

(3) The disclosure is made with the patient's written consent meeting the requirements of § 1.475 of this part, except that:

(i) The consent must list the name and address of each central registry and each known non-VA detoxification or maintenance treatment program to which a disclosure will be made; and

(ii) The consent may authorize a disclosure to any non-VA detoxification or maintenance treatment program established within 200 miles after the consent is given without naming any such program.

(c) *Use of information limited to prevention of multiple enrollments.* A central registry and any non-VA detoxification or maintenance treatment program to which information is disclosed to prevent multiple enrollments may not re-disclose or use patient identifying information for any purpose other than the prevention of multiple enrollments unless authorized by a court order under §§ 1.490 through 1.499 of this part.
