

§ 1.653

38 CFR Ch. I (7-1-08 Edition)

§ 1.653 Delegation of authority.

The General Counsel, Deputy General Counsel or Assistant General Counsel for Professional Staff Group IV is authorized to act for the Secretary of Veterans Affairs in matters concerning patents and inventions, unless otherwise required by law. The determination of rights to an invention as between the Government and the employee where there is no cooperative research and development agreement shall be made by the General Counsel, Deputy General Counsel or the Assistant General Counsel for Professional Staff Group IV, in accordance with 37 CFR part 500.

[62 FR 14822, Mar. 28, 1997]

§ 1.654 Patenting of inventions.

Any invention owned by the Government under the criteria as set forth in 37 CFR 501.6 should be protected by an application for a domestic patent and other necessary documents executed by the employee inventor prepared by or through the General Counsel, Deputy General Counsel or Assistant General Counsel for Professional Staff Group IV, unless some other agency has primary interest or it is decided to dedicate the invention to the public. Such dedication requires approval of the Secretary of Commerce. Applications on behalf of the Government for foreign patents may be made if determined to be in the public interest. The payment of necessary expenses in connection with any application filed or patent obtained under this section by the Department of Veterans Affairs is authorized.

§ 1.655 Government license in invention of employee.

If an invention is made by an employee and it is determined that the employee inventor is entitled to full ownership under 37 CFR 501.6, subject to a nonexclusive, irrevocable, royalty-free license in the Government with power to grant sublicenses for all Governmental purposes, it shall be the duty of the employee inventor to notify the Office of General Counsel of

the status of the patent application, including the patent application number, so that the Department may protect the interests reserved to the Government under 37 CFR 501.6.

§ 1.656 Information to be submitted by inventor.

(a) In the case of an invention or believed invention, the inventor will prepare a statement for submission to his or her immediate superior. It will be submitted regardless of where the ownership is believed to exist. The statement will consist of two parts:

(1) One part of the statement will be a disclosure of the invention sufficient to permit the preparation of a patent application. It shall consist of a description, including where applicable, of the parts or components of the invention as shown on the drawings or blueprints, accompanied further by a description of the construction and operation of the invention. Photographs of the invention may be included. The inventor should state pertinent prior art known to him or her, and set forth in detail as clearly as possible the respects which his or her invention differs.

(2) The other part of the statement will set forth the circumstances attending the making of the invention. It will include the full name and address of the inventor; the grade and title of his or her position; whether full time or part time; his or her duties at the time the invention was made; the facts pertinent to a determination whether the invention bore a direct relation to or was made in consequence of such official duties; whether there was, and if so, the terms of any special agreement or understanding with respect to use or manufacture of his or her invention; date of the invention; when and where it was conceived, constructed and tested; whether it was made entirely during working hours; whether, and to what extent there was a contribution by the Government of any of the following: Facilities; equipment; materials or supplies; funds; information; time or services of other Government employees on duty. When the invention is disclosed through publication, or in consultation with a manufacturer or attorney, simultaneous notification of
