

## § 59.512

## 40 CFR Ch. I (7-1-08 Edition)

This report must include the information contained in (g)(1) through (g)(4) of this section.

(1) Name and address of certifying entity;

(2) Name and address(es) of the regulated entity for which you are accepting responsibility;

(3) Description of specific requirements in § 59.510 and this section for which you are assuming responsibility and explanation of how all required information under this subpart will be maintained and submitted, as required, by you or the regulated entity; and

(4) Signature of responsible official for the company.

(h) An entity that has provided certification under paragraph (g) of this section (the "certifying entity") may revoke the written certification by sending a written statement to the appropriate Regional Office listed in § 59.512 and to the regulated entity for which the certifying had accepted responsibility, giving a minimum of 90 days notice that the certifying entity is rescinding acceptance of responsibility for compliance with the requirements outlined in the certification letter. Upon expiration of the notice period, the regulated entity must assume responsibility for all applicable requirements.

(i) As a regulated entity in accordance with paragraph (a) of this section, you must provide the information requested in paragraphs (i)(1) through (i)(4) of this section every three years beginning in 2011 for reporting year 2010. The report shall be submitted by March 31 of the year following the reporting year to the appropriate Regional Office listed in § 59.512. The first report is due March 31, 2011, for calendar year 2010.

(1) All identification information included in paragraphs (b)(1), (b)(2), and (b)(4) of this section;

(2) For each product category, VOC formulation data for each formulation that was manufactured, imported, or distributed in the reporting year. The formulation data must include the weight fraction (g compound/g product) for each VOC ingredient used in the product in an amount equal to or greater than 0.1 percent. If a regulated entity can certify that the reporting is

being completed by another regulated entity for any product, no second report is required. The formulation data must include the information in either paragraph (i)(2)(i) or (i)(2)(ii) of this section for each VOC present in an amount greater than or equal to 0.1 percent.

(i) For compounds listed in Table 2A of this subpart, the chemical name, CAS number, and the applicable reactivity factor; or

(ii) For hydrocarbon solvent mixtures listed in either 2B or 2C of this subpart, the trade name, solvent mixture manufacturer, bin number, and the applicable reactivity factor.

(3) For each formulation, the total mass of each individual VOC species present in an amount greater than or equal to 0.1 percent of the formulation, that was manufactured, imported, or distributed in the reporting year; and

(4) For each formulation, a list of the individual product codes by UPC or other unique identifier.

(j) If a regulated entity identifies a VOC that is needed for an aerosol formulation that is not listed in Tables 2A, 2B, or 2C of this subpart, it is assigned a default RF factor of 22.04 g O<sub>3</sub>/g VOC. Regulated entities may petition the Administrator to add a compound to Table 2A, 2B, or 2C of this subpart. Petitions must include the chemical name, CAS number, a statement certifying the intent to use the compound in an aerosol coatings product, and adequate information for the Administrator to evaluate the reactivity of the compound and assign a RF value consistent with the values for the other compounds listed in Table 2A of this subpart. Any requests submitted to EPA on or before June 1, 2008 will be considered and, if appropriate, incorporated into Table 2A, 2B, or 2C of this subpart on or before January 1, 2009.

### § 59.512 Addresses of EPA regional offices.

All requests (including variance requests), reports, submittals, and other communications to the Administrator pursuant to this regulation shall be submitted to the Regional Office of the EPA which serves the State or territory for the address that is listed on
