Complete and insert the clause at 52.247-67, Submission of Transportation Documents for Audit, in solicitations and contracts when a cost-reimbursement contract is contemplated and the contract or a first-tier cost-reimbursement subcontract thereunder will authorize reimbursement of transportation as a direct charge to the contract or subcontract.

47.104 Government rate tenders under sections 10721 and 13712 of the Interstate Commerce Act (49 U.S.C. 10721 and 13712).

(a) This section explains statutory authority for common carriers subject to the jurisdiction of the Surface Transportation Board (motor carrier, water carrier, freight forwarder, rail carrier) to offer to transport persons or property for the account of the United States without charge or at "a rate reduced from the applicable commercial rate." Reduced rates are offered in a Government rate tender. Additional information for civilian agencies is available in the Federal Management Regulation (41 CFR parts 102-117 and 102-118) and for DoD in the Defense Transportation Regulation (DoD 4500.9-R).

(b) Reduced rates offered in a Government rate tender are authorized for transportation provided by a rail carrier, for the movement of household goods, and for movement by or with a water carrier in noncontiguous domestic trade.

(1) For Government rate tenders submitted by a rail carrier, a rate reduced from the applicable commercial rate is a rate reduced from a rate regulated by the Surface Transportation Board.

(2) For Government rate tenders submitted for the movement of household goods, "a rate reduced from the applicable commercial rate" is a rate reduced from a rate contained in a published tariff subject to regulation by the Surface Transportation Board.

(3) For Government rate tenders submitted for movement by or with a water carrier in noncontiguous domestic trade, "a rate reduced from the applicable commercial rate" is a rate reduced from a rate contained in a pub-

lished tariff required to be filed with the Surface Transportation Board.

47.104-1 Government rate tender procedures.

(a) 49 U.S.C. 10721 and 13712 rates are published in Government rate tenders and apply to shipments moving for the account of the Government on—

(1) Commercial bills of lading endorsed to show that total transportation charges are assignable to, and will be reimbursed by, the Government (see the clause at 52.247-1, Commercial Bill of Lading Notations); and

(2) Government bills of lading.

(b) Agencies may negotiate with carriers for additional or revised 49 U.S.C. 10721 and 13712 rates in appropriate situations. Only personnel authorized in agency procedures may carry out these negotiations. The following are examples of situations in which negotiations for additional or revised 49 U.S.C. 10721 and 13712 rates may be appropriate:

(1) Volume movements are expected.

(2) Shipments will be made on a recurring basis between designated places, and substantial savings in transportation costs appear possible even though a volume movement is not involved.

(3) Transit arrangements are feasible and advantageous to the Government.

47.104-2 Fixed-price contracts.

(a) *F.o.b. destination.* 49 U.S.C. 10721 and 13712 rates do not apply to shipments under fixed-price f.o.b. destination contracts (delivered price).

(b) *F.o.b. origin.* If it is advantageous to the Government, the contracting officer may occasionally require the contractor to prepay the freight charges to a specific destination. In such cases, the contractor shall use a commercial bill of lading and be reimbursed for the direct and actual transportation cost as a separate item in the invoice. The clause at 52.247-1, Commercial Bill of Lading Notations, will ensure that the Government in this type of arrangement obtains the benefit of 49 U.S.C. 10721 and 13712 rates.
