

Food and Nutrition Service, USDA

§ 248.19

required to restore funds withheld beyond the end of the fiscal year for which the funds were initially awarded.

(c) *Responsibilities of State agencies.* The State agency is responsible for meeting the following requirements:

(1) The State agency shall establish evaluation and review procedures and document the results of such procedures. The procedures shall include, but are not limited to:

(i) Annual monitoring reviews of participating farmers, farmers' markets and roadside stands, including on-site reviews of a minimum of 10 percent of farmers, 10 percent of farmers' markets, and 10 percent of roadside stands, which includes those farmers, farmers' markets, and roadside stands identified as being the highest risk. First year of operation in the FMNP shall be considered a high-risk indicator. More frequent reviews may be performed as the State agency deems necessary.

(ii) Conducting monitoring reviews of all local agencies within the State agency's jurisdiction at least once every 2 years. Monitoring of local agencies shall encompass, but not be limited to, evaluation of management, accountability, certification, nutrition education, financial management systems, and coupon management systems. WIC State agency reviews of local agencies conducted for the WIC Program may contribute to meeting the FMNP requirement that all local agencies be reviewed once every two years if the reviews include reviews of FMNP practices. When the WIC State agency conducts a review of the local agency outside of the FMNP season, a review of documents and procedural plans of the FMNP, rather than actual FMNP activities, is acceptable.

(iii) Instituting the necessary follow-up procedures to correct identified problem areas.

(2) On its own initiative or when required by FNS, the State agency shall provide special reports on FMNP activities, and take positive action to correct deficiencies in FMNP operations.

§ 248.18 Audits.

(a) *Federal access to information.* The Secretary, the Comptroller General of the United States, or any of their duly authorized representatives, or duly authorized State auditors shall have access to any books, documents, papers, and records of the State agency and their contractors, for the purpose of making surveys, audits, examinations, excerpts, and transcripts.

(b) *State agency response.* The State agency may take exception to particular audit findings and recommendations. The State agency shall submit a response or statement to FNS as to the action taken or planned regarding the findings. A proposed corrective action plan developed and submitted by the State agency shall include specific time frames for its implementation and for completion of the correction of deficiencies and problems leading to the deficiencies.

(c) *Corrective action.* FNS shall determine whether FMNP deficiencies identified in an audit have been adequately corrected. If additional corrective action is necessary, FNS shall schedule a follow-up review, allowing a reasonable time for such corrective action to be taken.

(d) *State sponsored audits.* State and local agencies shall conduct independent audits in accordance with 7 CFR part 3015, §3016.26 or part 3051, as applicable. A State or local agency may elect to obtain either an organization-wide audit or an audit of the Program if it qualifies to make such an election under applicable regulations.

§ 248.19 Investigations.

(a) *Authority.* The Department may make an investigation of any allegation of noncompliance with this part and FNS guidelines and instructions. The investigation may include, where appropriate, a review of pertinent practices and policies of any State and local agency, the circumstances under which the possible noncompliance with this part occurred, and other factors relevant to a determination as to whether the State and local agency has failed to comply with the requirements of this part.

(b) *Confidentiality.* No State or local agency, recipient, or other person shall
