

## § 121.104

## 13 CFR Ch. I (1–1–02 Edition)

at some later date are not considered “agreements in principle” and, thus, are not given present effect.

(e) *Affiliation based on common management.* Affiliation arises where one or more officers, directors or general partners controls the board of directors and/or the management of another concern.

(f) *Affiliation based on joint venture arrangements.* (1) Parties to a joint venture are affiliates if any one of them seeks SBA financial assistance for use in connection with the joint venture.

(2) Except as provided in paragraph (f)(3) of this section, concerns submitting offers on a particular procurement or property sale as joint venturers are affiliated with each other with regard to the performance of that contract.

(3) *Exclusion from affiliation.* (i) A joint venture or teaming arrangement of two or more business concerns may submit an offer as a small business for a Federal procurement without regard to affiliation under this paragraph (f) so long as each concern is small under the size standard corresponding to the NAICS code assigned to the contract, provided:

(A) The procurement qualifies as a “bundled” requirement, at any dollar value, within the meaning of § 125.2(d)(1)(i) of this chapter; or

(B) The procurement is other than a “bundled” requirement within the meaning of § 125.2(d)(1)(i) of this chapter, and:

(1) For a procurement having a revenue-based size standard, the dollar value of the procurement, including options, exceeds half the size standard corresponding to the NAICS code assigned to the contract; or

(2) For a procurement having an employee-based size standard, the dollar value of the procurement, including options, exceeds \$10 million.

(ii) A joint venture or teaming arrangement of at least one 8(a) Participant and one or more other business concerns may submit an offer for a competitive 8(a) procurement without regard to affiliation under paragraph (f) of this section so long as the requirements of 13 CFR 124.513(b)(1) are met.

(iii) Two firms approved by SBA to be a mentor and protege under 13 CFR

124.520 may joint venture as a small business for any Federal Government procurement, provided the protege qualifies as small for the size standard corresponding to the NAICS code assigned to the procurement and, for purposes of 8(a) sole source requirements, has not reached the dollar limit set forth in 13 CFR 124.519.

(4) A contractor and subcontractor are treated as joint venturers if the ostensible subcontractor will perform primary and vital requirements of a contract or if the prime contractor is unusually reliant upon the ostensible subcontractor. All requirements of the contract are considered in reviewing such relationship, including contract management, technical responsibilities, and the percentage of subcontracted work.

(5) For size purposes, a concern must include in its revenues its proportionate share of joint venture receipts.

(g) *Affiliation based on franchise and license agreements.* The restraints imposed on a franchisee or licensee by its franchise or license agreement relating to standardized quality, advertising, accounting format and other similar provisions, generally will not be considered in determining whether the franchisor or licensor is affiliated with the franchisee or licensee provided the franchisee or licensee has the right to profit from its efforts and bears the risk of loss commensurate with ownership. Affiliation may arise, however, through other means, such as common ownership, common management or excessive restrictions upon the sale of the franchise interest.

### § 121.104 How does SBA calculate annual receipts?

(a) *Definitions.* In determining annual receipts of a concern:

(1) *Receipts* means “total income” (or in the case of a sole proprietorship, “gross income”) plus “cost of goods sold” as these terms are defined or reported on Internal Revenue Service (IRS) Federal tax return forms; Form 1120 for corporations; Form 1120S for

Subchapter S corporations; Form 1065 for partnerships; and Form 1040, Schedule F for farm or Schedule C for sole proprietorships). However, the term receipts excludes net capital gains or losses, taxes collected for and remitted to a taxing authority if included in gross or total income, proceeds from the transactions between a concern and its domestic or foreign affiliates (if also excluded from gross or total income on a consolidated return filed with the IRS), and amounts collected for another by a travel agent, real estate agent, advertising agent, conference management service provider, freight forwarder or customs broker.

(2) *Completed fiscal year* means a taxable year including any short period. Taxable year and short period have the meaning attributed to them by the IRS.

(3) Unless otherwise defined in this section, all terms shall have the meaning attributed to them by the IRS.

(b) *Period of measurement.* (1) Annual receipts of a concern which has been in business for 3 or more completed fiscal years means the receipts of the concern over its last 3 completed fiscal years divided by three.

(2) Annual receipts of a concern which has been in business for less than 3 complete fiscal years means the receipts for the period the concern has been in business divided by the number of weeks in business, multiplied by 52.

(3) Annual receipts of a concern which has been in business 3 or more complete fiscal years but has a short year as one of those years means the receipts for the short year and the two full fiscal years divided by the number of weeks in the short year and the two full fiscal years, multiplied by 52.

(c) *Use of information other than the Federal tax return.* Where other information gives SBA reason to regard Federal Income Tax returns as false, SBA may base its size determination on such other information.

(d) *Annual receipts of affiliates.* (1) If a concern has acquired an affiliate or been acquired as an affiliate during the applicable averaging period or before small business self-certification, the annual receipts in determining size status include the receipts of both firms. Furthermore, this aggregation applies

for the entire applicable period used in computing size rather than only for the period after the affiliation arose. Receipts are determined for the concern and its affiliates in accordance with paragraph (b) of this section even though this may result in different periods being used to calculate annual receipts.

(2) The annual receipts of a former affiliate are not included as annual receipts if affiliation ceased before the date used for determining size. This exclusion of annual receipts of a former affiliate applies during the entire period used in computing size, rather than only for the period after which the affiliation ceased.

### § 121.105 How does SBA define “business concern or concern”?

(a) A business concern eligible for assistance from SBA as a small business is a business entity organized for profit, with a place of business located in the United States, and which operates primarily within the United States or which makes a significant contribution to the U.S. economy through payment of taxes or use of American products, materials or labor.

(b) A business concern may be in the legal form of an individual proprietorship, partnership, limited liability company, corporation, joint venture, association, trust or cooperative, except that where the form is a joint venture there can be no more than 49 percent participation by foreign business entities in the joint venture.

(c) A firm will not be treated as a separate business concern if a substantial portion of its assets and/or liabilities are the same as those of a predecessor entity. In such a case, the annual receipts and employees of the predecessor will be taken into account in determining size.

### § 121.106 How does SBA calculate number of employees?

(a) Employees counted in determining size include all individuals employed on a full-time, part-time, temporary, or other basis. SBA will consider the totality of the circumstances,
